

Software Developer - North West London

£Highly Competitive Salary

E-Tabs, the world leaders in report automation are searching for bright and motivated software developers to join their rapidly expanding team.

E-Tabs provide specialist software, consulting and services for the market research industry worldwide. We have in excess of 10,000 users in over 50 countries around the world. E-Tabs software has become the worldwide standard for archiving and delivering market research data.

Here at E-Tabs, we keep our team small and so you will be exposed to the entire cycle of application development from conception to implementation. Nothing is standard about our software and day to day challenges are varied and extremely rewarding. You will be pushing the boundaries of modern programming and routinely solving programming problems in uncharted territory. You will grow as a developer and acquire a wide ranging skill-set whilst receiving support and encouragement along the way.

In order to be successful in your application you will be able to demonstrate:

Excellent knowledge of at least 1 major object-oriented programming language.
A desire to design and write high quality code.
Ability to work as part of a small team of developers.

In return you will be offered a highly competitive salary and benefits including:

21 days holiday.
Exposure to the entire spectrum of application development.
Friendly but hard-working professional environment.

For further information on this fantastic opportunity please send your CV to j.cleasby@e-tabs.com
